

Jeff Grady

Jeff Grady attended college at Southeast Community College in Milford and graduated with an AAS in Land Surveying/Civil Engineering Technology. After college he entered the workforce with Olsson Associates in the Survey Department in Lincoln. When the economy slowed down in the early 2000's, Jeff transferred to the Materials Testing/Special Inspections Team for Olsson in the Omaha area. For the last 10 years Jeff has been with Valley Corporation, starting as Project Manager, Senior Project Manager and currently as Vice President.

Jeff said, "I would like to be considered for the NUCA Board of Directors as a Contractor Director to be more involved in continuing to promote the construction industry as a whole, provide input on the issues effecting the industry and to provide as much guidance as possible for the Chapter and its Members."
