

## Jeff Jenkins

Jeff Jenkins graduated with a degree in Construction Engineering from UNO in 2001. He worked for Kiewit Underground for 3 years while attending school and worked for Kiewit Building District after graduation. Jeff has worked since 2005 for Heimes Corp. in a Head Estimator/ Project Manager role.

Jeff said, “NUCA is a great professional organization that puts its members first. The willingness of past leadership to explore new ways of moving the industry forward and compete in a business that is always evolving is paramount to success. I only wish to help move NUCA forward in a positive and inclusive way and help with membership with whatever I can.”
